Was a Rebel,

announce I from
time to time.

Seinfeld counters such
a class of utterance
(paraphrasing) *No,*

Johnny Yuma is a rebel.
You're a nut! Hey! On oc-

casions didn't really speak up,
for shyness, though these duds

somewhat balanced by shooting
off my mouth sans any substance

through other crazy frames.
But so what? 300 estimable
average in baseball.

Jerry's comment still gives
me no end of amusement
in itself, at myself.
